PROFILE SUMMARY

Software Engineer skilled in **Python, Cloud, DevOps, Generative AI, AIOps, and IT Service Management**. Experienced with **AWS, Azure, GCP, Docker, Kubernetes, Terraform, LLMs, LangChain, and Agentic AI**. Strong foundation in **Linux, networking, monitoring, observability, ServiceNow, and cloud-native technologies**, focused on building reliable enterprise solutions.

TECHNICAL SKILLS

Programming & Development: Python, React.js

Networking & Systems: Windows Server 2022, Linux, Networking

Cloud: AWS, Microsoft Azure, GCP

Cloud AI: Azure AI Foundry, Google Vertex AI

DevOps & Cloud Native: Docker, Kubernetes, Terraform, Infrastructure as Code (IaC), Microservices

Generative AI: Generative AI, LLMs, LangChain, Agentic AI

AIOps & Operations: AIOps, Monitoring, Observability

IT Operations: ITSM, ServiceNow, Jira, Service Desk, DWP

Database & Backend: MySQL, REST APIs

EXPERIENCE

Programmer Analyst Apprentice | Cognizant

Apr 2026 – Present

- Gained hands-on exposure to Windows Server 2022, Linux, networking, MySQL, cloud computing, and cybersecurity fundamentals.
- Worked with AWS, Microsoft Azure, GCP, Docker, Kubernetes, Terraform, Infrastructure as Code (IaC), and cloud-native technologies.
- Explored Generative AI, LLMs, LangChain, Agentic AI, Azure AI Foundry, Google Vertex AI, and AIOps for enterprise use cases.
- Developed understanding of ITSM, ServiceNow, Service Desk, incident and change management, monitoring, observability, and microservices.

Full Stack Developer Intern | RDL Technologies Pvt Ltd

Jan 2026 – Apr 2026

- Developed and maintained full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Built REST APIs, integrated databases, implemented authentication modules, and optimized application performance through targeted bug fixes.

React Developer Trainee | Incture Technologies

Jul 2025 – Aug 2025

- Developed responsive user interfaces in React.js and partnered on UI/UX improvements across the product.
- Performed testing and debugging to ensure functional, reliable frontend releases while ramping up on modern frontend development practices.

PROJECTS

Intelligent Pattern Analysis and Criminal Profile — *Python, Flask, Neo4j*

- Built a centralized criminal intelligence platform integrating criminal records, biometrics, FIRs, and court data into a single system.
- Implemented graph-based crime network analysis, hotspot detection, crime-trend prediction, and an AI chatbot to support investigations.

ClearSkin Compass – AI-Based Skin Health App — *Python, CNN, OpenCV*

- Built an AI-powered web application to detect skin conditions from uploaded images using CNN and OpenCV.
- Generated personalized skincare recommendations, precautions, and treatment guidance based on prediction results.

MatsyaMarket – Full Stack Marketplace — *React.js, Node.js, MongoDB*

- Developed a MERN-based e-commerce marketplace with user authentication, product management, and secure order processing.
- Designed scalable backend APIs and optimized MongoDB queries to improve application performance and user experience.

CERTIFICATIONS

- Introduction to Generative AI — Infosys
- Introduction to Networking — Cisco Networking Academy
- AWS Fundamentals — Great Learning

ACHIEVEMENTS

- Presented a research paper at the IEEE International Conference on Artificial Intelligence and Data Engineering, Nitte.
- 1st Place — District-level International English Olympiad (IEO).

EDUCATION

Sahyadri College of Engineering and Management, Mangalore B.E., Information Science and Engineering	2022 – 2026
Sri Venkatramana Pre-University College, Kundapur Pre-University, Computer Science — 95%	2020 – 2022
Sri Venkatramana English Medium School, Kundapur SSLC, Science — 97.44%	2019 – 2020

ADDITIONAL

- **Languages:** English, Hindi, Kannada, Japanese
- **Professional Membership:** IEEE Student Member (2023 – 2025)
- **Freelance Developer** — Developed responsive websites for independent clients using modern web technologies.
- **Leadership & Community:** Manage a YouTube channel sharing career guidance, technical learning resources, and job opportunities.
